

EMORY
UNIVERSITY

EmoryCard

EmoryCard is your official Emory University student ID, giving you access to a variety of on-campus services including your residence hall, library and gym facilities. It is **mandatory** for all incoming **Pre-College Students** to have a photo uploaded and approved no later than:

Summer Session 1: May 8th

Summer Session 2: June 19th

Session A: June 12th

Session B: June 26th

Session C: July 10th

Remote students are still required to upload a photo of themselves and a full image of their government issued photo ID to the [EmoryCard Photo Upload](#) website. Photo is required for class rosters and program databases even if you are not attending in person classes or activities. You can see an online version of your card by downloading the [EmoryCard Mobile App](#). Questions can be directed to our team at emorycard@emory.edu.

It's as simple as taking a **SELFIE** in front of a blank white wall

- ✓ Is the photo a headshot of you **ONLY**?
- ✓ Are eyes open and clearly visible?
- ✓ Is the photo in JPG file format?
- ✓ Is the photo at least 512 X 512 pixels in size?

Images will be **disapproved** for the following: non-white background; visible mask; visible headphones/earpods; head is turned or facing away from the camera; other people or objects in the photo; hats or sunglasses; clothing that obscures the face; glare on glasses; shadows in the background or across the face; image is not a clear, high resolution, digital, color image.

First Year Students will receive their EmoryCard during orientation or move-in.

Please do not visit the EmoryCard office to pickup your EmoryCard prior to your scheduled orientation.

You are required to upload a recent photo of yourself and an image of your government ID.
